### **„Obzor Beach Resort“ won the award Apart-hotel of Bulgaria for 2007**

We have the pleasure to inform you that “Obzor Beach Resort” won the annual award for Apart-hotel of Bulgaria for 2007 at the Annual Ceremony of the Bulgarian Hotelier and Restaurant Association.

The Bulgarian Hotel and Restaurant Association awarded its most prestigious prizes to the best owners and managers in the tourism on the official ceremony, which took place on December 5, 2007 in the boutique hotel “Arena di Serdica” – Sofia.

The prize was bestowed on Miss Ivelina Mavrova, Resort Manager in “Holiday Management” Ltd., the resort’s managing company.

We at “Holiday Management” Ltd. are very proud with that award. It’s a proof for the good work, which is done and also a motive for achieving better results in the forthcoming season. We are also happy because the achieved image will raise the apartments’ value and attract more tourists at the same time.

The challenge met by the apart-hotels is to offer high quality service for the property owners and the resort’s guests as well. The winning formula is combining the comfort and coziness of a home house with the facilities and services of a 4 star hotel.

„Obzor Beach Resort“ is the first of the three resort complexes which will be managed by Holiday Management Ltd., and whose total investment value is over 115 million Euro.
